Dear Rabbi Chaplain Amar,

It is an honor to congratulate you on being awarded the Army Commendation Medal for your service to the men and women of our nation's military.

This distinction is a well-deserved acknowledgement of your life-saving work, and a recognition of your commitment to the conviction that we must take care of others. Your dedication and love of country make me even more confident of a strong and bright future for our nation. New Jersey is proud to call you one of its own.

Again, congratulations, and thank you for your continued service.

Best Wishes,
